

I'm All Ears!

This is a listening sensory game you can play anytime and anywhere.

1. Start the game by singing this song to the tune of **"Twinkle, Twinkle, Little Star"**:

Listen, listen, carefully
Tell me what you think you'll see!
Will it be a big surprise?
When you open up your eyes,
Listen, listen, carefully
Tell me what you think you'll see!

2. Next, ask your child to close their eyes and listen carefully.
3. After they listen for 15 to 30 seconds, still with their eyes closed, ask them to tell you what sounds they hear.
4. When they open their eyes, they should look around to see if what they see matches what they heard!

VARIATIONS & Enhancements

Listening in a special place

Play this game at the zoo, or in the supermarket. Imagine the sounds at the airport.

Listening for a special sound

Use your collection of musical instruments, or tools from the tool box for a creative touch!

Listening to recognize someone's voice

Gather friends and family and try to identify each other's voices.

Listening on the go

Whether in the stroller, or in the backseat of the car, you can tune your child into the world around him or her by playing "I'm All Ears!"
